

VAST THROG PASSES IN REVIEW UNKNOWN DEAD

Delegates to Disarmament Conference Are Now Arriving

MARTYRED PRESIDENT NEVER WAS TENDERED A GREATER OFFERING

(By Associated Press)
WASHINGTON, D. C., Nov. 10.—Great and small folk moved in an endless procession through the rotunda of the capitol today to pay tribute to the unknown dead lying in each state there as only martyred presidents have known. The day was set aside for it. All who could speak for groups in the land or for the powers of the world were free to place floral offerings at his bier. Hour by hour the heaping of flowers about the casket grew mountain high, and spread about the vast chamber. Flowers that bloomed in France were there, and flowers brought in all their beauty from South Africa, 9000 miles away. There was not a minute of the day unclaimed by those who would do honor to the dead. There was no organization of veterans or patriotic people over the land unrepresented.

HIGH RETURNS ARE REALIZED ON BETTS ORE

Sampling of the shipment of 10 tons of ore from the Betts lease on the Golden Eagle claim of the Hudson Mining company at Royston, the new mining camp 27 miles north of Tonopah shows it to have a value in round numbers of \$700 a ton, or \$7000 for the lot. While the actual settlement has not been effected, it was learned this afternoon that the shipment had a value of practically the above amount. More detailed information concerning the returns will be available tomorrow.

LAY IN SUPPLIES; HOLIDAY TOMORROW

Friday being Armistice day, a legal holiday having been proclaimed by President Harding, practically all the business houses, banks and public offices being closed throughout the day, it would be advisable for home lovers to lay in their supply of goods today which will carry them over until Saturday. There will be the usual distribution of mail at the postoffice and the general delivery window will be open between the hours of 10 and 11 o'clock in the morning.

CONDITION MRS. ARNOLD REPORTED SATISFACTORY

The condition of Mrs. Marvin Arnold, who collapsed yesterday noon and who was operated on a short time later at the Mine Operators' hospital, was reported today as being quite satisfactory, although it will be three or four days yet before the crisis is reached. Her many friends hope for a speedy recovery and are very solicitous regarding her welfare.

Maximum yesterday	61 38
Minimum yesterday	46 35

RD. MOUNTAIN MAKES RECORD IN PLACERING

The placer operations of the Round Mountain Mining company for 1921 showed a production for the year of \$125,000, according to the official statement given out by L. D. Gordon, president and general manager. It was a most prosperous season, and in addition substantial production resulted from quartz mining. The report follows:

"The total production from the placers this year to date is \$116,159.28. We will receive from this source from \$5000 to \$10,000 more before January 1, making the placer production for the year 1921 about \$125,000.

"Repairs to and replacements of the Jefferson and Shoshone pipelines have been completed. The Blue Jacket dam has also been completed and this dam will now store sufficient water to give us an eight-hour run with a 4-inch nozzle, which greatly enhances our placer possibilities. A new tailrace has been started which will give us from 25 to 30 feet greater depth in the area we have been hydraulicking the past three years. This new tailrace will be three feet wide and will have tributary to it about 600,000 yards of material.

"Production by lessees is being steadily maintained both at the Round Mountain Mining company and the Fairview. There is also one set of lessees operating at the Fairview Extension. They are also making a nice production.

"What may be a very important development has recently taken place on the 700-foot level of the Round Mountain Mining company property. About 10 years ago on this level a vein known as the Keane vein was opened, and produced about \$500,000. A lessee operating a block in the hanging-wall of the Keane vein has recently opened what appears to be a parallel vein about 30 feet in the hanging-wall of the Keane vein. The vein where opened seems to be about 4 feet wide and to average from \$25 to \$40 per ton. To date this lessee has produced 200 tons of ore of an average value of about \$35. Only one lessee is operating in this section, and so far as we know this entire vein will be in virgin territory, and while it is too early to make a definite prediction, the territory seems to be of great importance."

HARD TIMES IN ENGLAND CAUSE MUCH WORRYING

(By Associated Press)
LONDON, Nov. 10.—A gloomy view of the financial position of the United Kingdom was presented in the house of commons yesterday, by Sir Robert Horne, chancellor of the exchequer, in moving for second reading of the appropriation bill. He expressed the belief, however, that Great Britain's traditional resourcefulness would carry her through the hard times.

TAX REVISION AMENDMENT IS CAUSE DEBATE

(By Associated Press)
WASHINGTON, D. C., Nov. 10.—Democrats of the house today sprang a surprise on the Republican leaders by presenting a resolution providing for an immediate and straight-out vote on the senate 50 per cent income surtax amendment to the tax revision bill. Republican leaders opposed the amendment, and a hot debate ensued.

ULSTERS WILL NOT SURRENDER SAYS CABINET

(By Associated Press)
LONDON, Nov. 10.—A statement issued after the morning meeting of the Ulster cabinet members concluded as follows: Sir James Craig, Premier, in behalf of the cabinet northern Ireland wishes it clearly understood there can be no surrender of Ulster's rights.

ARMED BANDITS ROB JEWELER OF \$50,000 GEMS

(By Associated Press)
ST. LOUIS, Mo., Nov. 10.—Two armed men today entered the jewelry store of Edward J. Gallant in the downtown section, forced three employees into a rear room, and escaped with jewelry valued at from \$35,000 to \$50,000.

HIGH SCHOOL PLAY OCCURS FRIDAY NIGHT

In commemoration of Armistice day and to publicly acknowledge appreciation of the flag presented to the Tonopah school by the Woman's Relief Corps, there will be exercises given in the high school gym Friday evening.

Children from the grades will present the operetta, "Betsy Ross," and the public is invited to attend. The program starts promptly at 7:45 p. m., and will close in time for those who desire to attend the charity dance given by the American Legion.

WORK ON BUCKEYE WILL START SOON

Letson Baillet, who has been in Tonopah for the last three weeks putting things in shape for renewing operations at the Buckeye mine, left this morning for San Francisco to purchase a new belt for the compressor, three new transformers, a number of rock drills, hose and other supplies for the mine.

The first work to be done on the Buckeye will be to sink the shaft to a depth of 1500 feet from its present depth of 1234 feet. Crosscutting on the upper levels will be prosecuted at the same time. He expects to return in about a week or 10 days.

Mr. Baillet had a slight accident to his right foot, which appears to have become infected, and he will have medical attention given to that while away.

NO ISSUE BONANZA ON ARMISTICE DAY

Tomorrow being a legal holiday—Armistice day—there will be no issue of the Bonanza. Those connected with the publication of this paper are desirous of observing the memory of our gallant heroes who gave up their lives for the preservation of this nation, and the day will be dutifully observed in paying silent tribute to their glorious deeds. The usual issue will appear on Saturday.

SPECIALY ARRANGED LIGHTS FOR BIG CONFAB

(By Associated Press)
WASHINGTON, D. C., Nov. 10.—Specially arranged street illumination composing the equivalent of ten billion candles has been arranged for the armament conference. The exhibit includes a "Jeweled" archway or portal "Lights of the states"—an archway borealis—behind the dome of the capitol and "flood lighting" of the Washington monument and of many public buildings will add to the illumination.

PROGRAM READY OBSERVANCE OF ARMISTICE DAY

Armistice day will be observed most solemnly in Tonopah tomorrow when the Elmer J. Bell post, American Legion, will conduct exercises surrounding the flagstaff at the corner of Main street and Brounger avenue. The program as now outlined calls for the members of the Legion to assemble at Elks hall at 10:30 o'clock without uniform when they will march to the school building to gather the pupils into line. They will then retrace their steps, marching to the Lothrop-Davis corner, where they will be joined by the G. A. R. and Spanish-American war veterans, and all will march to the flagstaff. The entire parade, from the time the Legion members leave the Elks hall will be headed by the Tonopah Musicians' Union band.

When the marchers reach the flagstaff the Legion members will occupy one side, the children another, the G. A. R. and Spanish war veterans another, and the band the other. Promptly at 11 o'clock the flag will be raised to full mast as the "Star Spangled Banner" is sung by those assembled, where it will float to the breezes until sunset. Following the singing, addresses will be made by Hon. Hugh Henry Brown, providing he arrives from Carson City in time, and by Frank T. Dunn, who will take for their subjects "Lessons of the Armistice."

WAY THE WIND NOW BLOWS EVERYWHERE

TRENTON, N. J., Nov. 10.—Mrs. Jennie C. Van Ness, Republican assemblywoman, author of the stringent prohibition enforcement act which bears her name, was defeated yesterday for re-election in the New Jersey state elections.

RED CAVALRY JOINED WITH UKRAINIANS

(By Associated Press)
GENEVA, Switzerland, Nov. 10.—The Ukrainian bureau at Berne has announced the Ukrainian troops have surrounded and disarmed the Forty-fourth soviet division. The cavalry division of the red army at Baltia has joined the Ukrainian troops who are advancing on Kiev and Odessa, the announcement added.

TRIBUTE PAID WASHINGTON BY NOTED VISITOR

(By Associated Press)
WASHINGTON, D. C., Nov. 10.—A tribute to Washington as the close friend of France's great soldier, General Lafayette, was paid by Premier Briand and members of the French armament conference delegation who went to Mohr Verman today and laid a wreath on Washington's tomb.

HEAVY FALL OF SNOW OCCURS NORTHERN N. Y.

(By Associated Press)
HALONE, N. Y., Nov. 10.—Snow a foot thick covered northern New York today. Traffic on railroads and highways was seriously hampered. The snowfall is the heaviest that has been seen in early November for many years.

HARDING HOPES FOR UNIVERSAL ERA OF PEACE

(By Associated Press)
WASHINGTON, D. C., Nov. 10.—Hope that the armament conference will result in an era of universal peace was expressed to President Harding on behalf of American Jews in a telegram from Adolf Kraus of Chicago, president of B'Nai B'rith. Members of the order and Jews everywhere, Kraus said, would "watch with anxious hearts" the progress of the negotiations.

FIRE DAMAGES HOUSE ON CENTRAL STREET

Fire this morning at 11 o'clock damaged a portion of the roof of the frame house owned by Mrs. Cal Shaw, situated on Summit street between Brounger and Oddie avenues, and directly back of her stone residence on Central street. The blaze was started as a result of sparks from the chimney falling on the dry shingles. Mr. Blanchard, employed by the Tonopah Extension, and wife, had just moved in this morning and started a fire in the stove, with the result that the draft proved too strong. The fire department responded promptly and was compelled to play one stream of water on the roof, while chemicals caused considerable damage to the walls in the interior of the house. The damage is fully covered by insurance.

In appreciation of the efficient services rendered, the fire boys were presented with a box of fine cigars by Mrs. Shaw.

SUGGESTIONS SO FAR COME ENTIRELY FROM AMERICAN PROPOSALS

HEAVY OUTPUT FROM TONOPAH MINING WORKS

This was a brilliant week with most of the mines of the Tonopah district, and as usual the Tonopah Mining company added its semi-monthly quota of wealth to the channels of the country. The shipment consisted of 19 bars having a weight of 49,000 ounces and an estimated value of \$45,000, which was in keeping with that of the last several months.

Production from the Silver Top, Mizpah and Sand Grass shafts during the week ending Sunday, November 6, amounted to 1550 tons, which was an increase over that of the preceding period. This increased output was the result of activities at the Sand Grass shaft, where the output was doubled, the production amounting to 300 tons. During the week 324 feet of underground work was performed, classified as follows: Silver Top, 143 feet; Mizpah, 181 feet; Sand Grass, 20 feet.

The official report of the company for the week ending September 5 follows:

Silver Top Shaft.
Drift 109 feet, drifting on small streak south of Silver Top shaft. Drift 128 feet, drifting on 1 foot gold ore. Crosscut 164, usual progress with no change to report. Raise 5624 has cut through 1 foot low-grade quartz. Raise 5026 has cut 1 foot low-grade quartz. Drift 621 has been started to make connection with Dossier Queen. Drift 561, no change to report.

Mizpah Shaft.
Drift 363 intermediate is following small vein of mill ore. Raise 199, no change to report. Tonn 567 intermediate east, following small vein of mill ore in footwall of Mizpah vein. Drift 579 intermediate has holed into old slope on Mizpah vein. Drift 613 has passed through Mizpah vein which is barren at this point. Drift 625, no change to report.

Sand Grass Shaft.
Crosscut 809, no change to report. Drift 1012, drifting in low-grade quartz.

BELMONT BUYS "BIG SHIP" TO QUARTER MEN

The Tonopah Belmont Development company closed a deal today whereby it takes over the ownership of the Harrington house, known as the "Big Ship," and will take immediate possession. Figures concerning the amount involved were not made public, but the transaction is said to have been the largest realty deal consummated in Tonopah in a long period.

Another deal also was concluded when a lease was signed for the Comstock house, and immediate possession will also be given. It is the intention of the company to operate its own boarding and sleeping houses downtown in the future, the same as it has done on the hill for the past few months.

(By Associated Press)
WASHINGTON, D. C., Nov. 10.—Active exchanges of views were taking place today between delegates to the armament conference in order to agree on a program for inauguration at the meeting Saturday. Up to the present it seems that President Harding's opening address will be followed by a proposal from the British delegation to appoint Secretary Hughes president of the conference, which it is expected will be approved unanimously.

(By Associated Press)
WASHINGTON, D. C., Nov. 10.—Proposals to be made by the American delegation to the armament conference constitute only suggestions prepared in advance as to days and means of curtailing naval expenditures without the sacrifice by any power of its national security. Great Britain is not known to have worked out any formula. Japan is aware the American suggestion and France and Italy are more concerned with land forces than navies. Two days before the conference opens the American proposals remain a closely guarded secret.

This much is known: A definite formula for an agreement on limitation of naval armaments has been rejected by Secretary Hughes and colleagues on the American delegation. The formula is an entire practical one. It does not attempt to fix a maximum of tonnage by which all navies could be divided and each power assigned by agreement the number of units it could maintain with world approval. The American suggestion will deal with things as they are and will be a plain proposition of ships built, building or authorized, of naval bases, vital elements of naval replacements, of potential naval capabilities of merchant marines and of other equipment existing or planned weapons and auxiliaries of naval warfare. Also it is regarded by those who formed the suggestions as a bold stroke for naval reduction, possibly too bold for immediate reduction.

Arthur J. Balfour, noted head of the delegation representing the British empire in the armament and far eastern conference, arrived in Washington today with other members of the party which landed in Quebec Tuesday. Simultaneously telegrams from New Zealand and Australia reached the city, completing, with the exception of Lloyd George, who has promised to come later, the British representation in the conference.
